## Welcome to Kaipara Coast Sculpture Gardens

Kaipara Coast Sculpture Gardens is a unique sculpture trail set in a tranquil, rural, garden oasis, and is a fun, inspiring, contemporary art and garden experience for all ages.

Planting in the gardens started in 1994, and the Sculpture Trail was opened in 2008.

Against the backdrop of the Kaipara harbour, the trail winds through a secluded valley containing a slice of almost every type of iconic New Zealand landscape: mown lawns, fruit tree orchard, grassy slopes, regenerating bush, old farm fences, pine forest, vegetable beds and ponds.

The exhibition changes in November each year. Owners David & Geraldine Bayly, curator Shea O'Neill
